PROFESSIONAL SUMMARY

Results-driven React Developer with 3+ years of experience engineering production-grade admin panels, dashboards, and client-facing web applications. Proficient in React, Redux Toolkit, React Hooks, JavaScript (ES6+), Tailwind CSS, and REST API integration via Axios. Proven track record delivering scalable frontend solutions for international clients across banking, e-commerce, and SaaS platforms in the UK, Kenya, Saudi Arabia, and India. Comfortable owning the full frontend lifecycle — from requirement gathering and development through deployment and production support.

TECHNICAL SKILLS

- Frontend: React, React Hooks (useState, useEffect, useContext, useRef), Redux Toolkit, JavaScript (ES6+), TypeScript (basic)
- Styling: Tailwind CSS, Bootstrap, React-Bootstrap, Responsive Design, Cross-browser Compatibility
- APIs & Data: REST APIs, Axios, Fetch API, JSON
- Tools & Workflow: Git, GitHub, Make.com (workflow automation), Agile/Scrum
- Platforms: WordPress, Joomla, Wix, WooCommerce
- Infrastructure: DNS, SPF, DKIM, DMARC, Google Workspace Migration

PROFESSIONAL EXPERIENCE

Infozzle Software Solutions Pvt Ltd | **Frontend Developer** | *Apr 2024 – Present* | *Vikhroli, Mumbai*

- Engineered React frontend modules with full REST API integration using Axios across 30+ live production websites for banking, e-commerce, and corporate clients.
- Led client-facing requirement sessions, demo iterations, and deployment cycles for international projects across the UK, Kenya, Saudi Arabia, and India.
- Architected and delivered responsive, component-based UIs using React Hooks, Redux Toolkit, and Tailwind CSS, improving maintainability and scalability.
- Automated 3+ manual operational workflows using Make.com, reducing processing time and human error.
- Configured DNS records (SPF, DKIM, DMARC) and migrated business email infrastructure to Google Workspace for multiple client domains.

The Schnell Apps Pvt Ltd | **Frontend Developer** | *Aug 2022 – Jan 2024*

- Architected and delivered 5+ admin panels and dashboards using React, Redux, Tailwind CSS, and Axios with complete CRUD functionality.
- Built scalable, API-driven modules for Food Delivery, LMS, Fitness, and School SaaS platforms serving thousands of users.
- Implemented fully responsive UI components and dynamic data workflows for internal dashboards, reducing manual data handling.

Prior Experience | **Network Support Engineer & Field Engineer** | *2018 – 2022*

- Managed enterprise LAN/WAN/Wi-Fi installations, customer technical support, and team coordination across multiple network sites.

KEY PROJECTS

SBM Bank & Prime Bank — Banking Portals (Kenya)

- Built responsive, API-integrated customer-facing portals using React and Axios; collaborated directly with Kenyan banking clients on requirements and UAT.

Tata Realty — Corporate Web Platform (India)

- Delivered a high-traffic React frontend with dynamic listing modules and REST API integration for India's leading real estate brand.

Multi-Domain Admin Dashboard Suite

- Designed and built CRUD-based admin panels for Food Delivery, LMS, Fitness, and School platforms using React, Redux Toolkit, Tailwind CSS, and REST APIs.

Workflow Automation — Make.com

- Automated repetitive backend workflows for client operations using Make.com, integrating with third-party APIs to eliminate manual processing steps.

INTERNATIONAL CLIENT EXPOSURE

- United Kingdom: Citizen Femme, Knightsbridge, SpiritsIntent, Alpha, Sapnay
- Kenya: SBM Bank, Prime Bank, Swahili Beach
- Saudi Arabia: DRB Arabia
- India: Tata Realty, Gits, Marathon

EDUCATION

B.E. Electronics & Telecommunication Engineering — Mumbai University, 2018
